Required Books and Materials	<ul style="list-style-type: none"> ● Payne, Ruby <i>A Framework for Understanding Poverty</i>. A-ha Process, Inc. 2018. ISBN 978-1-929229-48-2.
<p>Learning Outcomes/Competencies: At the completion of this course, the learner will be able to:</p> <ul style="list-style-type: none"> ● Articulate the issues of poverty, identification of the poor, and a research review on poverty. InTASC 2,3,5,6 ● Develop a framework for understanding impoverished students. InTASC 4,6,7,8 ● Analyze pedagogical approaches for teaching students enduring impoverishment. InTASC 1,3,5 ● Develop a strategy for building relationships with students enduring poverty. InTASC 2,5, 9,10 ● Identify racial and ethnic influences that impact academic achievement. InTASC 1,3,9,10 ● Design a plan of action to remove the barriers of impoverishment. InTASC 7,8,9,10 	
<p>Course Description: The Effects of Poverty on 21st Century Education will provide teachers and administrators the strategies, knowledge and skills required to understand and overcome the barriers of poverty. To achieve this, the course and content will draw upon the course textbook, “A Framework for Understanding Poverty,” by Dr. Ruby Payne. We may provide as educators many innovative and effective strategies to advance student reforms, but until we address and understand the impact of school sociology on academic achievement, school reform will not succeed. The creative feature of this course is bringing together the framework for understanding poverty in today’s education and the social context that traps so many intelligent and capable students in a self-fulfilling dead-end. By combining these two aspects of poverty, teachers and administrators will have the skill and knowledge base to effectively challenge the barriers of impoverishment.</p>	
<p>Learning Strategies: Compare case studies, review poverty diagrams, professional literature analysis, whole group discussions, professional collaboration, personal reflection, individual assignments (produce a plan-of-action , application assignments, research project and evaluation essay).</p>	

Experiential Learning Opportunities: Educators, based on course content, chapter readings and acquired knowledge, will design a *plan-of-action* to address the issues associated with the influence of poverty on social and academic progress in their classroom or school.

Format of the Course and Submitting Work

This course has a total of 5 individual assessments/assignments. You are required to complete all of the pieces with a total grade of an A or B in order to receive the credit for the course. It is recommended that the coursework be completed in the sequence listed below in the assessments chart below. This is an ONLINE course that runs for a five (5) week duration. Each week as directed by your instructor you will have assignments due. Answer and Discuss and Reflect and Respond assignments will be completed online using our LMS(Learning Management Software) Canvas. Your application, research project and evaluation assignments will be submitted electronically to your instructor. Files can be saved in PDF's or WORD Documents. You can also share via Google Drive format. Please contact your instructor if you have any questions or need help with the Google Drive format.

Assessments		Approximate contact hours for each assessment

Academic Honesty

Academic dishonesty is any form of cheating which results in students giving or receiving unauthorized assistance in an academic exercise or receiving credit for work which is not their own. Any academic dishonesty is grounds for dismissal. Any student judged to be engaged in cheating may receive a failing grade for the course, or any other penalty, which the instructor finds appropriate. Academic dishonesty is a behavioral issue, not an issue of academic performance. As such, it is considered an act of misconduct and is also subject to the University disciplinary process as defined in the Student Code of Conduct.

Acts of Dishonesty Include:

- Cheating—intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise. The term academic exercise includes all forms of work submitted for credit or hours.
- Fabrication—intentional and unauthorized falsification or invention of information or citation in an academic exercise.
- Facilitating Academic Dishonesty—intentionally or knowingly helping or attempting to help another to violate a provision of the institutional code of academic integrity.
- Plagiarism—the deliberate adoption or reproduction of ideas, words, or statements of another person as one's own without acknowledgement.

Unauthorized Collaboration—intentionally sharing information or working together in an academic exercise when the course instructor does not approve such actions.

ADA Statement

The University abides by the Americans with Disability Act and Section 504 of the Rehabilitation Act of 1973, which stipulates that no student shall be denied the benefits of an education “solely by reason of a handicap.” If you have a documented disability that may affect your work in this class and for which you may require accommodations, please contact the Disability Resource Coordinator as soon as possible to arrange accommodations. In order to receive accommodations, you must be registered with and provide documentation of your disability to the Disability Resource Office.

The Disability Resource office will provide Extended Studies with documentation of the disability and any accommodations that are needed.

The ten INTASC STANDARDS are listed below. Specific standards for knowledge,

dispositions, and performances accompany each principle, but space does not permit listing them below. For a complete copy of the INTASC standards, contact Jean Miller, Director of INTASC, Suite 700, One Massachusetts Avenue NW, Washington DC 20001-1431.

The InTASC Model Core Teaching Standards (April 2011)

The Learner and Learning

Standard #1: Learner Development

The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

Standard #2: Learning Differences

The teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

Standard #3: Learning Environments

The teacher works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.

Content Knowledge

Standard #4: Content Knowledge

The teacher understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make these aspects of the discipline accessible and meaningful for learners to assure mastery of the content.

Standard #5: Application of Content

The teacher understands how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.

Instructional Practice

Standard #6: Assessment

The teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher's and learner's decision making.

Standard #7: Planning for Instruction

The teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.

Standard #8: Instructional Strategies

The teacher understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.

Professional Responsibility

Standard #9: Professional Learning and Ethical Practice

The teacher engages in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.

Standard #10: Leadership and Collaboration

The teacher seeks appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.
