<b>Course Schedule</b>
<p><b><u>Week 1</u></b></p> <ul style="list-style-type: none"> <li>● Please read chapter 1 and 2 in your textbook.</li> <li>● Discussion/Activity - Please reply to the week 1 discussion question posted by the teacher. Must be completed by Tuesday night.</li> <li>● Discussion/Reflection Activity - Read the posts from other students and respond to at least 2. Must be completed by Thursday night.</li> </ul> <p><b><u>Week 2</u></b></p> <ul style="list-style-type: none"> <li>● Please read chapter 3.</li> </ul>

- Discussion/Activity - Please reply to the discussion question posted by the teacher. Must be completed by Tuesday night.
- Discussion/Reflection Activity - Read the posts from other students and respond to at least 2. Must be completed by Thursday night.
- Application Assignment #1. Must be completed by Sunday night end of week #2

### **Application #1**

What are some pre-assessment tools that you use in your classroom? How do you use them to plan your lessons? How do you use the pre-assessments to develop other formative assessments? Do you grade the formative assessments? Why or why not?

-2-3 pages in APA format

-Provide examples from course content, personal experience, and/or colleagues viewpoints

### **Week 3**

- Please read chapters 4 and 5.
- Discussion/Activity - Please reply to the discussion question posted by the teacher. Must be completed by Tuesday night.
- Discussion/Reflection Activity - Read the posts from other students and respond to at least 2. Must be completed by Thursday night.
- Application Assignment #2. Must be completed by Sunday night end of week # 3.

### **Application #2**

Develop a differentiated summative assessment for your content area that is considered paper and pencil or performance oriented. Explain how the assessment keeps the KUDs constant; allows the students to demonstrate their knowledge, understanding, and skill; and what scoring system is used.

-2-3 pages in APA format

-Provide examples from course content, personal experience, and/or colleagues viewpoints

### **Week 4**

- Please read chapter 6.
- Discussion/Activity - Please reply to the discussion question posted by the teacher. Must be completed by Tuesday night.
- Discussion/Reflection Activity - Read the posts from other students and respond to at least 2. Must be completed by Thursday night.
- Research project due by Sunday night end of week #4.

### **Research project**

Research differentiated assessment strategies, compare a strategy you currently use to differentiate instruction to a strategy learned from your research that could be implemented in your classroom. What are the similarities of the assessment and what are the differences? Are they assessments *for* instruction or assessments *as* instruction? Every student in your class is unique, so how will you implement the new differentiated assessment to optimize learning for all?

- 3-5 pages in APA format
- Utilize the textbook and professional articles
- Cite all sources

### **Week 5**

- Please read chapter 7.
- Discussion/Activity - Please reply to the discussion question posted by the teacher. Must be completed by Tuesday night.
- Discussion/Reflection Activity - Read the posts from other students and respond to at least 2. Must be completed by Thursday night.
- Evaluation Assignment. Must be completed by Sunday night, end of week #5.

### **Evaluation assignment**

Look back at your initial definition of differentiated assessment. How has it changed? Has it stayed the same? What types of pre-, formative, and summative assessment were you already using in your classroom? What will you add to your lessons to ensure differentiated instruction to all students? What other aspects of the textbook will you take away from this course?

- 3-5 pages in APA format
- Utilize the textbook
- Cite all sources

## **Academic Honesty**

Academic dishonesty is any form of cheating which results in students giving or receiving unauthorized assistance in an academic exercise or receiving credit for work which is not their own. Any academic dishonesty is grounds for dismissal. Any student judged to be engaged in cheating may receive a failing grade for the course, or any other penalty, which the instructor finds appropriate. Academic dishonesty is a behavioral issue, not an issue of academic performance. As such, it is considered an act of misconduct and is also subject to the University disciplinary process as defined in the Student Code of Conduct.

**Acts of Dishonesty Include:**

- Cheating—intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise. The term academic exercise includes all forms of work submitted for credit or hours.
- Fabrication—intentional and unauthorized falsification or invention of information or citation in an academic exercise.
- Facilitating Academic Dishonesty—intentionally or knowingly helping or attempting to help another to violate a provision of the institutional code of academic integrity.
- Plagiarism—the deliberate adoption or reproduction of ideas, words, or statements of another person as one’s own without acknowledgement.

Unauthorized Collaboration—intentionally sharing information or working together in an academic exercise when the course instructor does not approve such actions.

## **ADA Statement**

The University abides by the Americans with Disability Act and Section 504 of the Rehabilitation Act of 1973, which stipulates that no student shall be denied the benefits of an education “solely by reason of a handicap.” If you have a documented disability that may affect your work in this class and for which you may require accommodations, please contact the Disability Resource Coordinator as soon as possible to arrange accommodations. In order to receive accommodations, you must be registered with and provide documentation of your disability to the Disability Resource Office.

The Disability Resource office will provide Extended Studies with documentation of the disability and any accommodations that are needed.

## **The InTASC Model Core Teaching Standards (April 2011)**

### **The Learner and Learning**

#### Standard #1: Learner Development

The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences.

#### Standard #2: Learning Differences

The teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.

#### Standard #3: Learning Environments

The teacher works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.

### **Content Knowledge**

#### Standard #4: Content Knowledge

The teacher understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make these aspects of the discipline accessible and meaningful for learners to assure mastery of the content.

#### Standard #5: Application of Content

The teacher understands how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.

### **Instructional Practice**

#### Standard #6: Assessment

The teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher's and learner's decision making.

#### Standard #7: Planning for Instruction

The teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.

#### Standard #8: Instructional Strategies

The teacher understands and uses a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.

## **Professional Responsibility**

### Standard #9: Professional Learning and Ethical Practice

The teacher engages in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.

### Standard #10: Leadership and Collaboration

The teacher seeks appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.
